Functions of IQAC:

IQAC has planned to take various measures to ensure the quality functioning of the Institution as given below:

- For setting up quality standards and parameters for academic, operational, and administrative activities of the institution.
- We create a learner-centric culture conducive to quality education
- We ensure the faculty members adopt tech tools to promote a participatory teaching-learning process.
- In our Institution, IQAC acts as an authorization body, ensuring all quality-related tasks and best practices such as workshop, seminars and placement training to the faculty and students.
- We create a platform for receiving feedback from students, parents, and other stakeholders regarding quality-related processes in our institution.
- We document various quality improvement programs and activities which used for enhancing the growth of the students.
- Periodically conducting inter-departmental and inter-college events like conferences, symposium, management meet, workshops and seminars etc., to improve the students skill-set and their future career.
- We are maintaining an institutional database using information system software (Ponjesly Application software) to enhance the overall performance and quality of the students.
- We prepare the Annual Quality Assurance Report (AQAR) according to the NAAC guidelines and parameters.
